Dear Greta

### West Gate Tunnel Project Inquiry and Advisory Committee

We refer to the above matter.

The IAC has directed that all councils have the opportunity to lodge a closing submission by close of business today and, if necessary, to make short oral comments at the hearing on Monday 18 September.

Further to this, please find enclosed a revised copy of Schedule 1 (Recommendations) to Maribyrnong City Council's EES submission of 6 July 2017. Schedule 1 has been revised to illustrate Council's final position in respect of the EES and to reflect the resolved, unresolved and outstanding matters.

In the circumstance that the Council only recently presented its evidence and made submissions, we are instructed to advise the IAC that the Council is content, for present purposes, to submit only the revised Schedule 1 Recommendations.

In the event, however, that documentary and other material is produced by the WDA:

- in response to the matters raised in our letter of 29 August 2017 (hearing document 190); or
- with respect to the closure of Coode Road, and its consequences, not already before the IAC;

the Council reserves its right to consider that material and respond accordingly.

A copy of this correspondence has been provided to all parties.

Yours faithfully

Terry Montebello
